Medical Directors of Acute Trusts

26 March 2002

Dear Colleague

PREVENTION OF HYPONATRAEMIA IN CHILDREN

Further to my letter of 25 March please find attached posters on the Prevention of Hyponatraemia in Children.

I would appreciate if you could ensure that these posters are disseminated within your Trust to all wards likely to accommodate children. It is important that they are prominently displayed in clinical rooms.

Thank you for your cooperation in this matter.

Yours sincerely

HENRIETTA CAMPBELL (Dr)
