Subject: RE: PREVENTION OF HYPONATRAEMIA IN CHILDREN RECEIVING INTRAVENOUS FLU IDS

Miriam

1. 'plasma' (or even '~~extracellular fluid~~!?) instead of 'physiological state'
2. 'Hartmann's solution' instead of 'Hartmann's'
3. Put (0.9%) after normal ie normal (0.9%) saline in bullet 1 and 3
4. osmolarity is right in this context

} Choice of fluid.

I'm happy now. Hope everyone else is too.

Clodagh

Changes.

Copy latest hyponatraemia
of Sheena Brennan.
