RFhyponat.doc

Hi M,

Your draft of prevention of hyponatraemia looks very good, although a little on the lengthy side. I have received a response to my letter asking for a hazard notice for 0.18NaCl/4%glucose from the Medicines Control Agency in which they have asked for more information. I enclose my response for your info.

Ps My "Paediatric Home Ventilation Team" won the Royal Recognition Awards last week, we get £5,000 to help develop this service.

BOB
