Dear Dr Campbell

PREVENTION AND MANAGEMENT OF HYPONATRAEMIA

Further to your letter of 4 March 2004 I would wish to confirm that the guidance on the Prevention and Management of Hyponatraemia was disseminated within the Belfast City Hospital last year upon receipt from the DHSS&PS.

In addition we had a presentation from Dr Tom Trinnick, a member of the CREST working party, on the guidelines at our monthly Best Practice Forum.

Yours sincerely

Eleanor Hayes
