Subject: FW: Rachel Ferguson

Try and set this up for the week beginning 8th April, but not a Monday.

John

Thank you very much. I will arrange the inquest for after Easter - but not on a Monday.
Best wishes.

John

Dear Mr Leckey - sorry about the printing. I posted today a hard copy together with the photocopies you requested.
I am expecting visitors the week of Easter Monday, but apart from Mondays any time after that would be fine for me. I still do clinical work on Mondays and as it is a firm commitment I don't like to miss it.
All the best - Ted Sumner

Thank you very much for sending me this. I have had an opportunity to read it and it appears to cover all the relevant points. Please send me a hard copy incorporating copies of the literature referred to and your CV. Would immediately after Easter suit you to attend the inquest?
Incidentally, for some reason I was unable to print out a legible copy of your report though I had no difficulty reading it on screen. My printer cartridge is OK and the problem has not arisen with other material I have printed off this morning.

06/02/2002

Best wishes,

John

Dear Mr Leckey,

I have written a draft report on this little girl which I am attaching. I will wait to hear from you before I send a hard copy. The report is based on the notes and the reports from Dr Herron and Dr Loughrey. I have not spoken to them nor have I yet seen the statements of the doctors involved. I will be away from 20th Feb to March 8th and then in and out to meetings and things for the rest of March.

I will also attach my recent CV if you need that.

Many thanks for asking my opinion.

All the best and kindest regards - Ted Sumner
