Subject: FAO Helen/Inquest - Lucy Crawford

Helen,

Further to our conversation, let me put my question in writing.

On "The Issue" programme last Thursday night, Fearghal McKinney interviewed the Chief Medical Officer, Dr. Henrietta Campbell concerning the death and subsequent inquest of Lucy Crawford.

The Crawford family contacted the office of Coroner John Leckie the morning after the programme was broadcast.

They have reported that the Coroner found some of the comments made by Dr. Campbell "worrying".

Can you confirm that this is an accurate report of how the Coroner viewed what Dr. Campbell had to say?

I'd appreciate a quick response to this request.

Thanks for your help.
