Subject: Lucy Crawford clarification

Trevor

The sentence which you have asked for clarification on and comes from the Chief Medical Officer should have read as follows -

"The coroner wrote to me about Lucy Crawford's death on the 3rd March 2003. He had previously been in discussion with me in June 2001 about the death of Raychel Ferguson who had also died of hyponatraemia."

I hope this clears up the matter for you.

Kevin
