Dear Ruth

As well as the letters, I've sent you a copy of the B. Telegraph article & a copy of Cincis fluid sheets.

Note that there was no record of fluid passed - because his output wasn't measured - no note of total fluid given. No signatures on page 31 & also note the discrepancy re. times of fluid

Page 31 - 11:20 + 11:45 + 12 - but the amount not entered for 11:20  
Page 32 only the first two times 11:20 + 11:45 & no signature. Also the line through 3 fluids.

You can see when I (John) said there was no calculation made. How it was acceptable in <sup>his</sup> summary up is unbelievable. I'm sure you'd
