Dear Trevor

You are aware I am investigating the circumstances surrounding and following the death of Lucy Crawford on 14 April 2000 at the Royal Belfast Hospital for Sick Children.

It would be of considerable assistance to me if I could obtain copies of material which you gathered in your investigation for the Insight programme of 21 October 2004. I have a video of the programme. I would be interested in any documents, records, transcripts, unused video which you believe would be relevant to my purposes.

Any material which is being made available to me will be collected in person. When such is available, or if I can be of assistance in any other way, please contact me on 07802926109.

Yours sincerely
