Your Reference 70560/CW/CMcL

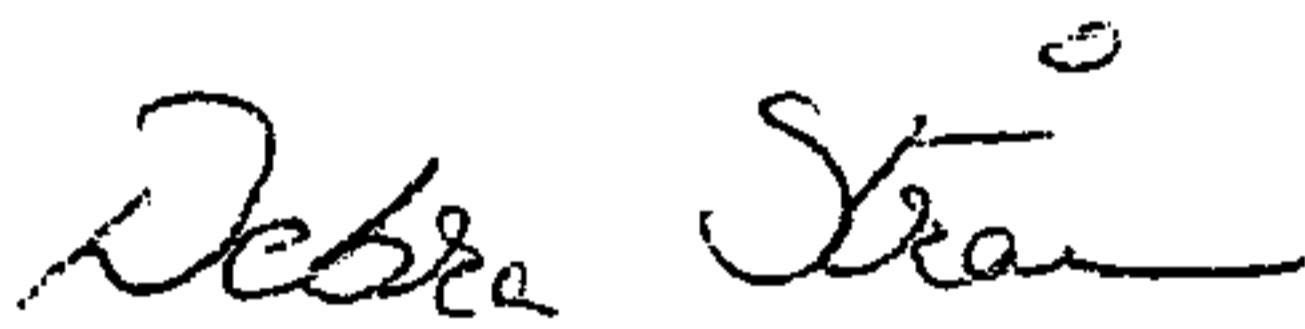

Dear Mr Webster,

Further to our conversation of yesterday, there is one thing that I forgot to mention, not only was Adam prescribed 50mls of Sodium Bicarbonate per day but he also had to have 100mls of Saline per day added to his feed to control the problem he had with his sodium, this was prescribed by the hospital.

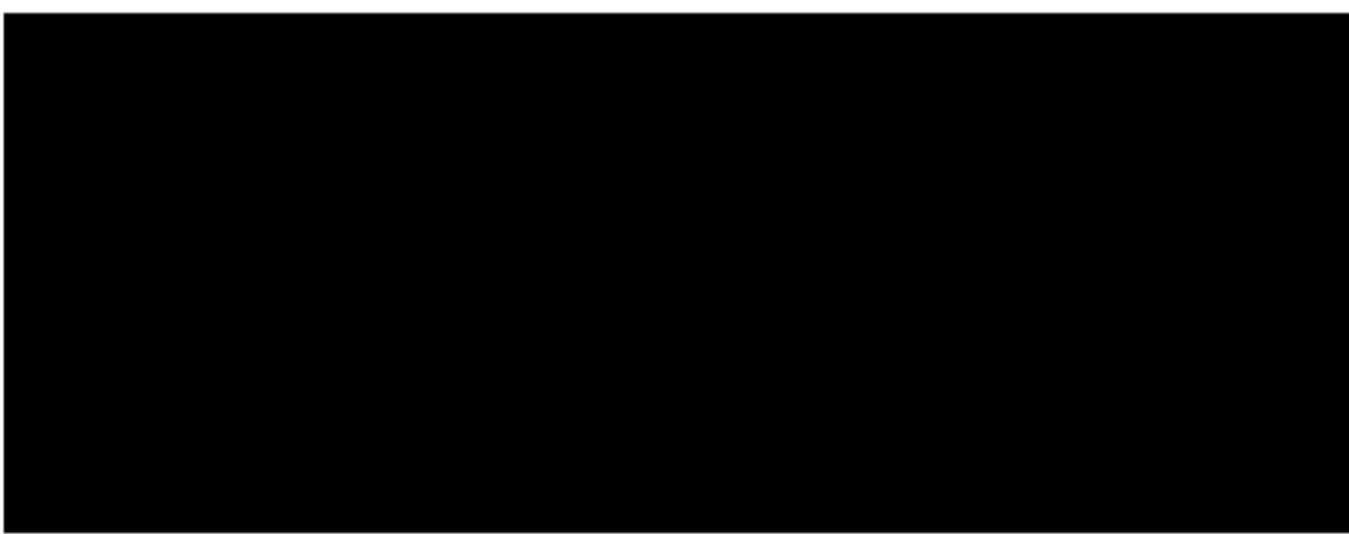

I apologise for leaving this out yesterday, but I hope you will understand this is all very upsetting for me. I would be grateful if you would pass this information to Miss Higgins.

Thankyou for all your help.

Yours sincerely

Debra Strain
