

**CONOR MITCHELL, DECEASED**

9<sup>th</sup> October 2003

Brian Herron telephoned me this morning. He had received the copy of the letter I sent to Peter Walby and Dr Humphrey. He said that he too had noted a gap in the notes. However he had sent all that he had in his possession to Dr Sumner. I said that Mr Walby and Dr Humphrey would have to respond to my letter and I would send him a copy of their response in due course.
