Dear Rany

Re: Inquiry into Hyponatraemia-related deaths

Thank you for your letter of 29th November 2004, and following our recent telephone conversation I would be grateful if you would see if you can retain Mr Michael Lavery QC to represent the Trust at the Inquiry.

I enclose copies of our Adam Strain Inquest and Clinical Negligence files as requested.

I feel the meeting you suggest could wait until we get some further detail from Mr

Yours sincerely

Pus
