Dear Mr. Brangam

Re: Adam Strain (deceased)

You attended a conference with the clinicians involved on Wednesday, 17 April and at that time the post mortem report prepared for H M Coroner by Dr Armour had not been received - it arrived a few days later and has been circulated. A copy is attached for your information.

I have received comments from two of the clinicians which you will wish to have and copies of these are attached for your information. You may feel it necessary to meet again with Dr Taylor and if this is your wish, please let me know so that the arrangements can be made.

Yours sincerely

George
