Dear Sirs

Re: Your client: Royal Group of Hospitals  
Our client: Ulster Television plc

We have been handed your 7<sup>th</sup> October letter.

It is not accepted that Trevor Birney has acted in any unreasonable fashion.

The matter under investigation in the proposed Insight programme is of the highest public interest. Prior to transmission an offer is again given to the Royal to put forward any possible explanation for the failure to tell the Coroner in April 2000 that Lucy Crawford had died from dilutional hyponatraemia. Any explanation would inform the programme makers.

Yours faithfully
