Dear Bernie

Re: **Miss Raychel Ferguson (deceased)**

I write further to your e.mailed communication of 6 February 2012 and acknowledge the file of Witness Statements in relation to Raychel Ferguson sent by courier.

This is to confirm that I have reviewed the scans and can confirm:

- i) There is no evidence of venous sinus thrombosis.
- ii) There is nothing in any of the witness statements which would cause me to alter or amend my report to the inquiry dated 08/12/2011.

I enclose a note of my fee for reviewing the witness statements and associated documents.

With best wishes.

Yours sincerely

[REDACTED]
