RE: copied documents

Importance: High

Diana, Hugh will stay on in Draperstown for a meeting at 11am - 12noon to discuss/update recent clinical incidents. Bill, Margaret please note extension to the morning!
Do we need to book room or notify anyone?
Anne

Ann, do we need to schedule a discussion with Dianne Cody etc at Draperstown following the Department meeting re recent clinical incidents, only if you think this would be helpful and if so, can you organise?

Steven

Bill/Margaret

You will get copies of the following
Steven's briefing note following recent meeting with Hugh Mills (Thursday last)

Hugh's initial draft approach to the proposed review Diana Cody's notification to us of the recent critical incidents (using the DHSSPSNI interim guidance form) Eugene Fee's notification of the earlier critical incident in response to my request (of which you may already have copies).

Next steps:

Steven has asked that we establish a process for notification of critical incidents and agree with Trusts (I suggest we use the interim guidance as basis)

he has suggested re review with Sperrin lakeland the recent incidents of which we are aware and consider emerginG learning (we have an opportunity to do so after the Draperstown meeting) We should take a lead in establishing TOR for the proposed review.

Margaret, can we discuss ToR on Thursday pm, when we meet, and follow up with Bill?
