Dear Sir,

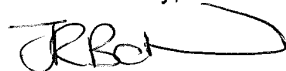

RE: INQUIRY INTO HYPONATRAEMIA RELATED DEATHS

I refer to the above and your letter of 28th February 2012.

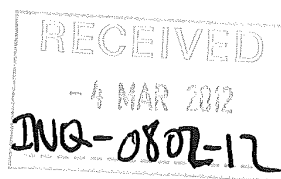

I now enclose a copy of the back of the document to which you refer in your aforementioned letter. You will note that this document states when a consent would be needed and therefore attached to said document. I am instructed that the test attached to the front of this document would not have required consent and therefore no consent form would have been attached to this document.

I trust that this is in order however if you wish to discuss this matter further please do not hesitate to contact me.

Yours faithfully,
