16 April 2015

Dear Mr Leckey,

**Proposed Communication pathway between Coroners' Office and
PHA/HSCB**

Following my letter to you dated 2nd September 2014 regarding the above, and your response of 8th October 2014, a further meeting was held between Coroners' Office staff and PHA staff to explore the issues. Subsequently, an amended paper detailing the proposed communication pathways between the Coroners' Office and PHA / HSCB was agreed with Dr Andrews and staff at the Coroners' Office (attached).

I should be grateful if you would formally confirm that the proposals in the attached paper are satisfactory from your perspective.

I look forward to hearing from you.

Yours sincerely

DR CAROLYN HARPER
Medical Director/Director of Public Health
