Helen,

Thank you very much for the response. I have a further issue which I would like a response to if possible. In the letter of 13 April 2015 to the Minister, Ms Edmondson stated:

“The Board is very large, and we consider that a smaller number of members with the right skills can provide adequate governance for the organisation and fulfil our statutory responsibilities in this regard. This work is underway and we will be submitting these proposals to the DHSSPSNI in due course”.

Can you let me know what the PCC's proposals are to include more service users?

Please provide a copy of the proposals that the PCC has submitted to the Department?

Kind regards

Bernie Conlon
Secretary to Inquiry

For attention of Bernie Conlon

Dear Bernie,

Once again apologies for just getting these reports over to you now.

Attached are the reports that we submitted in May 2015 in response to the consultation on Donaldson.

1. Formal consultation response questionnaire – based on what the public told us
2. A PCC report on the public responses were received
3. The letter to the Minister with the Board response to Donaldson – which you already have.
