**I QUERIES ARISING OUT OF YOUR INITIAL WITNESS STATEMENT**

With reference to your witness statement dated 14<sup>th</sup> April 2011, please provide clarification and/or further information in respect of the following:

**(1) Answer to Question 1(e) at p.3:**

*"I was not involved in setting up the transplant for Adam nor calling him in for transplant.*

*As Transplant Co-ordinator I would have had a role, following any transplant, in discussing with the recipients the possibility of sending an anonymous letter of thanks to the donor family.*

*In Adam's case the only role I had to play was to discuss the possibility of organ donation on 28 November with his mother.*

*I also completed sections of [the] Kidney Donor Information form. Although completion of this form was the responsibility of the transplant surgeon I completed sections of the form on his behalf."*

**(a) Identify the sections of the Kidney Donor Information Form (Ref: 058-009-025) which you actually completed.**

From the copy of the Kidney Donor Information Form (Ref: 058-009-025), which I have accessed on line, I can identify my writing in Section II - 1, 2, 3, 4, 5, 6, 8, 9 and in the signature and printed name section

Re Section II item 8 the words 'Widely seperated patch' are my writing, the correction is not.

**(b) State the number of cases in which you have discussed "the possibility of organ donation" with the child's family, where the child has suffered from Hyponatraemia.**

Two, Adam Strain and Lucy Crawford
