Dear Mr Walby,

Many thanks for your recent letter. I no longer reside in N. Ireland and have just returned home for a few days at Christmas to see your letter regarding the inquiry into the hyponatraemia-related deaths in 1996, hence the delay in my response.

As I have not seen any original documentation with my records/signature, the only comment I can make with regard to this incident fifteen years ago is I was a student nurse on Allen ward at this time. This means all nursing care provided would have been under the supervision of a qualified staff nurse, and, all documentation in the child's notes would have required a signature by the staff nurse I was working with during that particular time.

As I have not seen the full documentation and furthermore was not a qualified staff nurse I am unable to provide further comment on this individual case. I trust this of some assistance with your inquiry.

Kind regards,

Dear Madam,

RE: INQUIRY INTO HYPONATRAEMIA RELATED DEATHS

I refer to the above and your letter of 11th November 2011. You will recall that we wrote to you on the 14th December 2011 indicating that Ms Suzanne Spence was no longer employed by the Trust having left in 2002 and that the Trust had written to her at her last known address which it held for her.

It would appear that whilst she is no longer living at the address in question she has recently received the witness statement proforma which the Trust sent to her. I now enclose copy letter which Ms Spence sent to the Trust for your information. Ms Spence has not provided the Trust with her current address.

Yours faithfully,

Joanna Bolton
