Kevin  
Agreed. If we say yes to the Reporter than it would be difficult to decline an interview bid from UTV. In relation to further questions we should try, as far as possible, to stick to the Minister's original statement.

To all

Please see interview bid below. I would advise that we offer to respond to any further questions the Impartial Reporter may have and not offer the Minister up for interview.

Happy to discuss.

Kevin

Kevin.  
Following our recent discussion, I would like again to request an interview with the Minister on the subject of the death of Lucy Crawford in the Erne Hospital, Enniskillen in April 2000.  
A number of important issues remain, particularly in the areas of accountability and the investigation by the Sperrin Lakeland Trust. This is a matter of extreme public interest in this area, and I hope the Minister will give my request favourable consideration.

Denzil
