For those of you who may be interested to note:

UTV insight are doing a programme on children's deaths due to hyponatraemia (the Lucy Crawford and Raychel Ferguson cases).

Some months back they were seeking info about these cases and you may recall were rather aggressively seeking a series of comments/facts from John Leckey.

We have also let them the use of the Coroners court in Belfast and Cookstown courthouse for filming purposes.

Just to let you know this programme is currently scheduled to go out on Thursday 21 October.

will be recorded by the Info Centre- if anyone requires any further info at this time give me a bell
