bridget/anne, thnakyou i have passed papers to rebecca mc'lean who will be cordinating & supporting the steering group meetings/administration etc. I have had quick read thru' an dmay be misnderstnding the doc, but it reads as a training proposal rather than the actual application of the methodology, but perhaps that is where one must start??? does strick me that being the case that the 4-month timeline is ambitious given summer monthsetc. I am sure the steering group will clarify these issues with your colleagues next week. I will cc my note to our med director diana cody to alert her to these reflecitons. bridget

Dear Bridget/Hugh

Please find attached draft GAT proposal received from Sue Norwood for the meeting on 30th June. Anne O'Brien is unfortunately unable to attend the meeting, however Jayne Fox (Programme Manager - Education) will be attending.

On behalf of Anne, I hope that all goes well on the 30th and should you have any further queries, please do not hesitate to contact me.

Kind Regards

Bridget O'Donnell
