Dear all,

Briefing ammended to include quality/ incident reporting and a number of other changes.
Many thanks for help in forwarding material so quickly. This still requires work and tidying up but as it is due with Minister at 11am tomorrow morning it would be helpful to have comments, particularly if there are any inaccuracies

Colm/ Kevin,

I have further Q&As but need to get them typed up in the morning--will try to do so before 9am

Liz

Could you please tidy up formatting etc and I will give you some hand written Q&As to add

At the end of a busy day today my car decided to overheat and die on the way home. I will be on the road armed with water and coolant in the morning but still planning to be in at 8.30
