Dear all,

Just to confirm, we need section covering the Quality agenda, accountability within Trusts, and the steps in place to introduce reporting of untoward events. Relevant Q&A material would be helpful also.

This briefing now needs to be with PO at 10 am tomorrow, so please try to get to me today.

Apoligies for tight timescale on this, but totally beyond our control

Miriam

Maura

Undoubtedly there is - unfortunately I was unaware until I received Miriam's e-mail today that this interview was taking place!

Christine/Pat - for briefing and a line on accountability please. Happy for your material to go direct to Miriam.

Janet - can you dust off something on quality for Miriam please?

Happy to input, but the lead needs to be Noel's Direcotrate especially on the accountabillity/quality of Trusts. Noel there must be a standard line on this??

Maura/ Noel,

I am putting the briefing together on this. A big issue is the reporting of untoward incidents and the quality/ accountability of trusts. Could either of you give me a section on this and relevant Q&A. Timeline is tight --needs to be at PO on Thursday

Happy to discuss

Miriam
