Re: Lucy Crawford, deceased

Dear Sir,

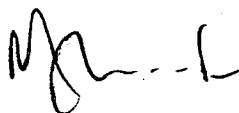

We act on behalf of Mr and Mrs Neville Crawford of [REDACTED]
We have been passed a copy of your letter of 6th March 2003.

We note that you have received preliminary comments from Dr Edward Sumner in relation to Lucy's death. We also have obtained a Specialist's report from a Dr Dewi Evans on behalf of our clients. It is the view of our specialist that Lucy did not die from hyponatraemia on its own. It is the view of our expert that Lucy received too much fluid and the wrong fluid (or both) and that this led to her cerebral oedema.

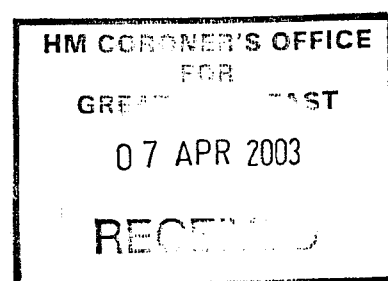

Our clients are pleased to learn that an investigation is now to be carried out into the circumstances relating to Lucy's death. Our clients would be anxious to cooperate with such an investigation.

At this stage we would be grateful if you would provide us with copies of any report or correspondence received from Dr Sumner, for our clients' consideration.

Yours faithfully,

Mr John L Leckey,
H M Coroner,
