Re: Lucy Crawford, deceased

Dear Sir,

We acknowledge receipt of your letter of 10<sup>th</sup> February 2004 and note the efforts that have been made to locate Dr. Malik.

Our clients remain concerned that the absence of Dr. Malik at the Inquest may result in an incomplete picture being presented. In particular it may be convenient for the Sperrin Lakeland Health & Social Care & Trust to point the finger of blame at him.

The suggestion contained in the deposition of Dr. O'Donoghue, that he saw Dr. Malik writing as he was 'describing the fluid regime' is not reflected in the report by Dr. Jenkins or in the correspondence from the Trust regarding the Review.

Can the Trust confirm when Dr. Malik left the Erne Hospital? Did they obtain a statement from him before he left? Does it conflict with Dr. O'Donoghue's account? If so, it is possible that Dr Malik would be only too willing to return from Pakistan and give his account.

We look forward to hearing from you.

Yours faithfully,
