Dear *John*

Re: Lucy Crawford (deceased)

Further to my letter of 4th May 2003, I had asked Dr Thornton to prepare a report for you instead of Dr O'Hara. After a reminder to her, she has informed me today that Dr O'Hara had returned to work and she had passed the request on to him. He will be off now for two weeks having medical treatment. She asks would you prefer to wait until his return again or would you like Dr Thornton to prepare a report now?

Yours sincerely

P. Walby
