Dr. Davis,

LUCY CRAWFORD, DECEASED

I am writing to acknowledge receipt of your letter of 23rd October with enclosed post-mortem report. I have circulated copies of the latter to the various interests in the inquest but I am treating your accompanying letter as confidential. Dr Sumner is very approachable and I am sure he would welcome an opportunity to exchange views. One of the issues for the inquest will be the underlying cause of the cerebral oedema. In your report you do not give one though in the commentary section you speculate on possibilities. Should you wish to contact Dr Sumner his contact details are as follows:-

Dr E Sumner MA, BM, BCh, FRCA
Consultant Paediatric Anaesthetist

Telephone no [REDACTED]

Alternatively, I could suggest to him that he contact you. I would do so only if you were agreeable to that.

013-053k-302

I am very pleased that your health has improved and my very best wishes for a continuation of this.

I will not be able to hold the inquest until the New Year but when I do I would wish you to attend and give evidence.

With kind regards.

Yours sincerely

J L LECKEY
HM CORONER FOR GREATER BELFAST
