### **HYPONATRAEMIA**

I refer to my letter of 11<sup>th</sup> March when I wrote to you about identifying Hyponatraemia. One of the cases I referred to in that letter concerned Lucy Crawford and I am enclosing a copy of the report I received from Dr Edward Sumner.

I am sending a copy of this to Dr Miriam McCarthy.

I hope it will be possible to organise a meeting shortly to discuss this issue in the not too distant future. I am asking my secretary, Denise Ferguson to make the arrangements with your premises as the venue.

Yours sincerely
