**MEMORANDUM**

**To: Mrs Burnside**

**From: Dr R Fulton**

**Date: 14 November 2001**

**Subject: INTRAVENOUS FLUIDS IN CHILDREN**

---

You may have received a copy of the enclosed correspondence about intravenous fluids in children together with the draft guidelines. I have told Dr Nesbitt that I think the "choice of Fluid" section is totally inadequate considering the gravity of our local experience. As Geoff says it is a "fudge" and fails to address the use of No. 18 solution.

I firmly advised Geoff to challenge this section.
