**RACHEL FERGUSON**

Just to update with the current position.

You have received a copy of the report from Dr Summer. Some of the Clinical Staff have come back and advised me that there are factual inaccuracies in the report.

I have provided the Trust's Solicitor and Barrister with a copy of the report and I have pointed out the inaccuracies to them. I understand that the Barrister representing the Trust intends to advise the Coroner of these factual errors.

I will keep you advised of developments.
