Dear Madam

I received your letter dated 8<sup>th</sup> November regarding the report about Rachel Feguson. Unfortunately as I had changed hospital, it got delayed in reaching me to the new hospital.

Can I possibly send the report after a couple of weeks, as I am busy preparing for my exams in the 1<sup>st</sup> week of December. I apologise for the delay. But do let me know if you need it urgently. My new address for correspondence till the end of February is as above.

Thanking you,

Yours Sincerely,

Dr. Aparna Date
