Anne - To alert Stella, Chairman and others. Will obviously depend on whether the programme happens before or after our meeting on 1st July. With summer TV schedules being introduced soon, there is a possibility that an Insight programme on this issue will be deferred until the autumn - but difficult to say at this stage.

Incidentally, I will be on leave that week.

Marie

Thanks Marie.

Did not get a chance to wish you luck with the endoscope issue.

I also wanted to mention to you that Trevor Birney and Ruth O'Reilly from UTV attended our Trust Board meeting yesterday, accompanied by cameraman and photographer! They requested access to the meeting to take some shots for their programme - we discussed, agreed that to decline could be unnecessarily antagonistic so allowed them to film and take photos during the first 10-15 minutes of the meeting. This they did, focusing on the key people involved in Crawford case (eg. Bridget O'Rawe, Dr Cody and Jenny Irvine, who will be chairing the steering group set up to undertake root cause analysis). Wanted to let you know in case they were thinking of doing something similar with yourselves - will also alert Christine Stewart at RVH.

Unfortunately, it co-incided with protest from hospital campaign group and speaking rights given to Danny McSorley and Seamus Shields (councillor) at Trust Board - so we had two local photographers in with us to.

Needless to say we got some insight (sorry for the pun) into what it would be like to be a celebrity with flashing cameras going off in all directions for about 10 minutes !!

See you on Thursday. Have a good weekend - hope scopes don't take it over.

Best wishes.

Janet
