Re: Royal College External Paediatric Review

I am writing to confirm our recent telephone conversation regarding the external review by a Royal College representative of a Consultant member of your Paediatric Department.

Dr Moira Stewart has agreed to be the nominated College representative to carry out this review and she will be provided with written information about the cases by yourself and will visit the hospital to interview relevant individuals.

If as a result of her deliberations on the specific cases she feels she needs specialist advice then she will discuss with you whether you would like this advice to come from within or without the province and the College will be happy to nominate a specialist representative.

We agreed that the report would be owned by the Trust and made available to the complainant and the Consultant concerned. The College does not need to hold a copy of the full report but would be grateful if it could hold a summary from Dr. Stewart.

We would expect Dr Stewart's travel and accommodation expenses to be met by the Trust.

I enclose a copy of our standard indemnity forms by which we expect the College and Dr. Stewart to be indemnified by your Trust against any potential eventuality. We would be grateful for future feedback as to whether you feel the College review has helped you to resolve your problems and whether there was any way in which we would improve this process.

Yours sincerely

Patricia Hamilton FRCP FRCPCH
Honorary Secretary
