

18 December, 2001

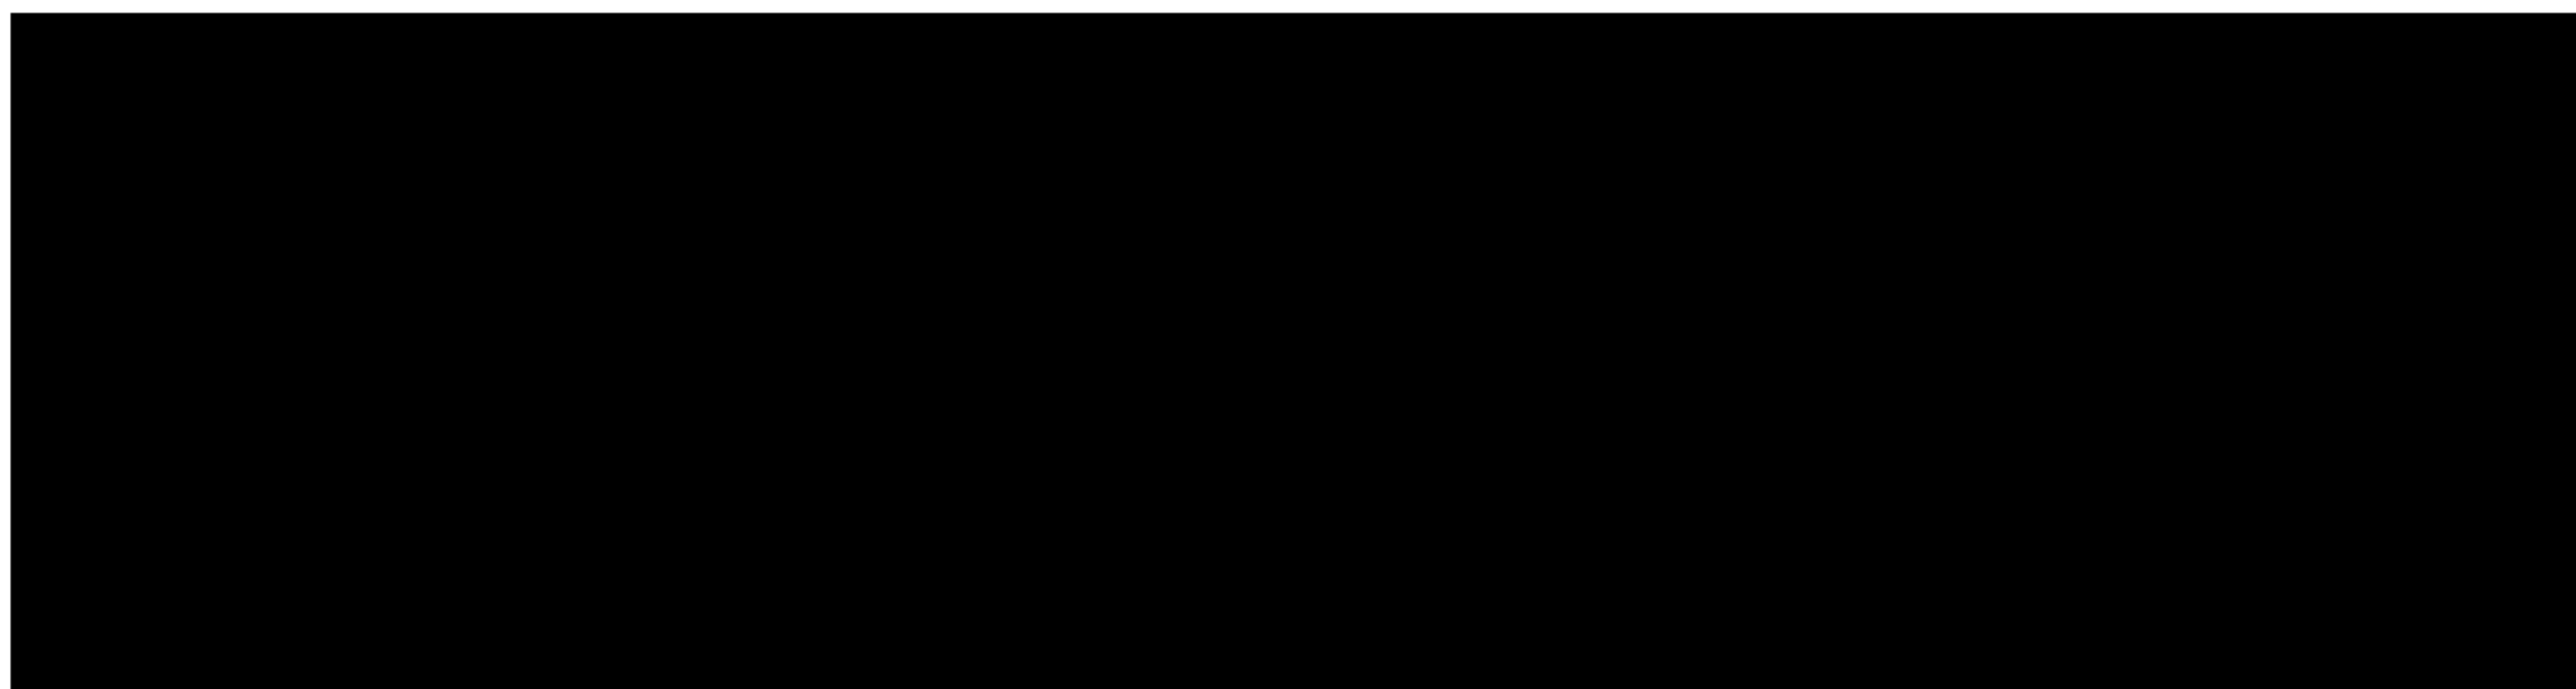

Dr J O'Donohoe  
Consultant Paediatrician  
Erne Hospital  
ENNISKILLEN  
Co Fermanagh

Dear Dr O'Donohoe

- 1 You undertook to respond to the report from the Royal College of Paediatricians in relation to the four specific cases. You received the report in September and asked for time to consider the issues raised. I would be grateful for your response and in particular whether you accept the analysis or regard any aspects as factually inaccurate.

2 **ADVERSE INCIDENT REPORTING**

You have also be provided with a recent copy of Dr Ashgar's letters. The Directorate has looked at some of these cases and provided me with an initial report but I would be keen to receive your response to the concerns raised in relation to these cases:

Yours sincerely

Dr J Kelly  
MEDICAL DIRECTOR
