Dear Dr O'Donohoe

Thank you for agreeing to meet with me today, 18 February 2002.

I wish to confirm to you in writing as discussed, that in an attempt to achieve some definitive closure on the issue of concerns over competency reported to us in writing by Dr Ashgar, I am seeking an external opinion from the Royal College of Paediatricians, asking them to visit the Trust, viewing the information provided within the context of paediatric services in Sperrin Lakeland.

I thank you for undertaking to co-operate with this process and I would continue to encourage you to provide a written response to the cases raised in Dr Ashgar's letter.

Yours sincerely

Dr J Kelly
