Erne Hospital

Dear Eugene

Please find enclosed summary of comments made to Dr Holmes in relation to the 'LC Case'. Can I ask you to review some the interview statements referenced in your review of this case to ascertain if we can make direct responses to the points raised? Bridget O'Rawe is discussing this issue with Donna Scott in terms of:

- 1 Can we engage while legal process is ongoing?
- 2 Is there a mediation process that would be valuable here?
- 3 Generally in relation to the legal advice in relation to the letter.

I will further discuss some of these issues with Hugh Mills.

Yours sincerely

Dr J F Kelly
