DATE	RELATIVE SEEN	COUNSELLOR	EXPLANATION	EVALUATION	
11/14/00	Parents	Dr. Simon	Dr. Simon explained that at SNB meeting present he was unable to say what has happened to way. Way however is		
			Dr. Simon explained that some		
			was happened within her		
			brain and that it is a		
			very scary thing.		
			Further tests will be		
			done today and also		
			the neurologist will		
			come to revision surgery.		
		Dr. Hanchen	Dr. Hanchen explained that being very critically		
		Dr. Hanchen	ill at present and possibly would die. He		
		Dr. Hanchen	explained that she shows no response to her examination		
			but some and a CT scan + EEG taken today.		
			Dr. Hanchen explained that it is very		
			difficult to tell what happened being that the		
			is CT scan and EEG could tell what say.		
			her brain is what the Hanchen should be		
			any surgery tell Hanchen + Hanchen being if		
			living is.
