Just has to be accountable 12.15 vomited Nurse dismissed it Sam watching  
Lucy sleeping still 3 breaths lifted her up couldn't open mouth Rang  
bell no one came looked out  
Hosp treatment killed her. Winding splan too much.

Asked to speak in D.D. No notes. Could not understand  
Went complaints got nowhere put round in circles. No answers.  
Went to Solicitor

R. Ferguson - Third Regime wrong dose wrong rate  
Lucy's death recorded Coroner as g. Entitis brushing under the carpet

Man resp refused to take the stand - Grateful to doctors who told  
truth in D.D who refused to answer.

Fel people above law accountable for death Allowed not to answer  
questions

If S/L had come to no and said this is what happened & how can we  
help you get over Lucy's death

Trust would statement in last few hours =

A. Campbell - Need opportunity to say how tragic these incidents  
Lessons have been learned. Saw 1st case / rare occurrence

F. Coroner said wrong fluid too much

Camp - Fluids similar in NI & most UK.

F Ignoring what Coroner said  
Review covered up death and maladministration
