Ester,  
As per my telephone conversation today I would be obliged if you could bring the following to the attention of the nurses involved.

✓ \* Nurse Jones Statement

Para 4 Please insert full meaning of abbreviation BM

Para 5 Should "giving" read "given" ?

Could you clarify if the attached letter to Mr Fee is part of the statement that is to be given to the Coroner. NO

✓ \* Nurse Swift Statement

Para 4 Please insert full meaning of abbreviation PR

Para 5 Should I had not direct contact with Lucy read I had no direct contact with Lucy

Para 1 Page 2 Should this read "I came out to attend"

✓ \* Nurse MCManus Statement

I would suggest that when referring to the Patient it would be more appropriate to use Lucy as oppose dto LC.

Para 5 "O2 therapy was commenced at 51" What does the 1 represent?

✓ \* Nurse McCaffrey Statement

Should insert full meaning of abbreviation PR and would suggest use Lucy as opposed to LC when referring to patient.

Many Thanks

S McNeill - No changes necessary.
