Dear Mr Doherty

Re: Lucy Crawford – Deceased

I believe you may be aware that I am endeavouring to trace a Dr Amerullih Malik with a view to him giving evidence at this inquest. My office has made enquiries with the Erne Hospital but we have been told that he is no longer on the staff. The Personnel Department of the hospital do not appear to know his present whereabouts. I would have thought that when a member of the medical staff leaves, a note may be retained as to their address should the need arise for any future communication. Also, he may have mentioned where he was going to one of his colleagues and perhaps you would arrange for enquiries to be made to ascertain if this was the case.

I should be grateful for your assistance.

Yours sincerely
