THE ROYAL BELFAST HOSPITAL FOR SICK CHILDREN

U.N. 364377

19th August 1995

Mr. V. Boston  
Consultant Paediatric Surgeon  
RBHSC

Dear Victor

**RE: ADAM STRAIN** [REDACTED]

This young fellow had an infection around his gastrostomy tube site which caused a very severe pyrexial illness. He has now recovered. While that was ongoing we took his gastrostomy tube out and it was replaced by a Foley catheter. He needs to get a proper gastrostomy tube now re-inserted and I would be grateful if you could organise this for us as soon as possible.

Yours sincerely

*Maurice Savage*
