RE: DEBORAH ON BEHALF OF ADAM STRAIN (DECEASED)

I am sure you will be pleased to be informed that this claim has been successfully concluded by payment of a sum which is not greater than the normal and statutory scale subject to a confidentiality clause binding on both parties to the action.

From a liability position the case could not be defended particularly in the light of the information provided by one of the independent experts retained by HM Coroner at the Inquest. Additionally, it would have been unwise for the Trust to engage in litigation, in a public forum, and given the tragic circumstances of the death. It would not have been helpful for an opportunity to be provided to lawyers to explore any differences of opinion which might exist between various professional witnesses who would have been called to give evidence.

I am grateful for your generous assistance in arriving at this successful conclusion.

George
