**RE: ADAM STRAIN (A MINOR) DECEASED**

Preliminary correspondence (copy attached) has been received from solicitors acting on behalf of the above which is forwarded for your information.

You have kindly provided me with sufficient information to ensure that a witness statement could be prepared for, and provided, for the Coroner. However, you will appreciate that more detailed information will now be required by me as casemanager for the Trust, in order that proper instructions may be given to our legal advisers.

In particular, it would be helpful if you would clearly identify and give as much detail as possible, supported by references (with copies), of the strengths and weaknesses (if any) of the care provided for Adam.

Should you require access to the casenotes for the purpose of preparation of this additional report, please contact Miss Linda Allen at extension [REDACTED]

I would appreciate your co-operation and response by Thursday, 30 May 1996.
