Colm

As requested, attached is email sent to Trevor Birney at UTV last Friday. The second statement referred to in the attached statement has not yet been finalised, but when it is, I will forward you a copy.

Trevor is still pursuing Trust to respond to questions - further phone call earlier today - my response was to refer him to previous statement. Will forward you his questions via separate email. I understand from RVH that they too have received numerous emails with questions from UTV (Christine Stewart is dealing with these enquiries).

Best wishes.

Janet,

As discussed, attached are a number of questions in relation to our examination of the death of Lucy Crawford.

We would also, formally, request an interview with Hugh Mills.

I look forward to hearing from you.

Trevor.

**RESPONSE TO UTV**

The Trust confirm that it is co-operating fully with the General Medical Council's examination of the clinical aspects of Lucy Crawford's case.

In addition, the Trust is planning to examine a range of other aspects of this case, including our arrangements for adverse incident investigation and complaints. We are in the process of advising Mr and Mrs Crawford of our plans and, if they feel able, have invited them to contribute to this process. The Trust Chairman will be making a statement regarding the detail of our plans next week.
