We do not believe the Coroners Case will be before Christmas. Delays in finalising witness statements etc. The Medico-legal case however, is progressing and may potentially be listed before the Coroners Case. i will seek an update from Kevin Doherty at Westcare Litigation.

We await developments.

Jim Kelly

My last note on the above was the potential for the coroner's hearing to be heard on 15 December 2003.

Can you advise if the case is proceeding and plans for our staff to participate. Assuming there may be some media interest I would appreciate your thoughts on how we should prepare for this.

Mr Mills  
Chief Executive
