RECORDS OF LUCY CRAWFORD

Issues from aspect of Record Keeping:

- Attention to detail in recording is lacking
e.g. Records on Care Plan, Observation sheet etc not co-inciding on times.
- Drug record completed BUT on examination of other records there are three records of Paracetamol being given at two separate times.
- I.V. fluid Prescription sheet has not patient name on it.
- Observation sheet and Fluid balance sheet have no record as to who made entries.
- 'Emergency Admission' Policy detail of ' to ½ hourly observations, reducing as condition permits – for a minimum of 24 hours' is not met.
