**Subject:** wallcharts re hyponatraemia

Dr Mc Carthy,  
I am a pharmacist working at the University College Hospital, Galway. I am trying to get some copies of the wallchart size version of the posters on children being at risk of hyponatraemia when being given fluids. I really want to make them available to prescribers in Theatres, A+E, and ICU. In the paediatric unit, they are familiar with the correct fluids to use in paed, but I am anxious that they have advice available in other areas of the hospital.

If you could possible send me on about 5 or 6 copies, I would be very grateful.

Thank you very much  
Siobhan
